

BASIC TECH PACKAGE

included in rental rate

This package is intended for events that require minimal deviation from the venue's infrastructure to allow for a streamlined load-in process. The client may request the following equipment prior to AND at sound check. The A/V Technician WILL NOT be able to adjust or move the following after sound check (no availability to change immediately prior to, or during the event).

Personnel

- Event Supervisor.
- 1 Live Sound Technician REQUIRED (additional fee applies).

THE SANCTUARY

Lighting

- Use of ONE lighting preset (TBA with the Event Supervisor).
- White lights may be adjusted PRIOR TO doors open.
- Transept (side seating) lighting set to On/Off PRIOR TO doors open.
- Corridor lighting is permanently set to On.
- Use of Conductor's spotlight (upon request).
- NO designated lighting in front of Chancel Steps.

Sound

- Use of Lectern microphone.
- 4 overhead Chancel microphones.
- 4 wireless microphone channels (lavalier and/or handheld).
- 1 stereo DI box (3.5mm TRS or dual mono 1/4").
- USB recording from soundboard (upon request, USB provided by client).
- Audio playback (Provided by client on thumb drive or via email).

Available Add-ons

- Piano microphone - Included with instrument use approval
- 2 additional microphones - \$50/mic
- Floor monitor (1 channel, Chancel) - \$50
- Livestream service - Quote available upon request
- Digital Photo Frames- \$100

**The Sanctuary DOES NOT have projection/display available for video playback.*

SHATTO CHAPEL

Lighting

- Use of ONE lighting preset (TBA with the Event Supervisor).
- White lights may be adjusted PRIOR TO doors open.
- NO designated lighting in front of Chancel Area.

Sound

- 4 wireless microphone channels (lavalier and/or handheld).
- 1 stereo DI box (3.5mm TRS or dual mono 1/4”).
- USB recording from soundboard (upon request, USB provided by client).
- Audio playback (Provided by client on thumb drive or via email).
